

LIMITATION OF WARRANTY OF ARCHITECT
WORK EXCLUDED

The Architect and the Consultants do not warrant or guarantee the accuracy or completeness of the Work product beyond a reasonable diligence. If an error or omission is discovered, it shall be found to exist within the Work product, Contractor shall promptly notify the Architect in writing of such errors, omissions or discrepancies and shall proceed with any Work which appears to be necessary to avoid further litigation. In the event of the Contractor failing to notify the Architect, the Contractor shall be responsible for the results of any such errors, omissions or discrepancies and shall be liable for the cost of the Contractor's corrections or alterations. The Contractor shall have all labor or delays identified by the Architect prior to submitting a bill for payment. The Contractor shall otherwise be the Architect's responsibility for any errors or omissions in the Work. The Architect of such conditions shall do so at the Architect's/owner's own responsibility.

Written dimensions shall have precedence over all other dimensions.

LIMITATION OF WARRANTY OF ARCHITECTS
WORK PRODUCT

The Architect and his Associates do not warrant or guarantee the accuracy and completeness of the work product, which is subject to reasonable change. It is the responsibility of the client to verify the work product. The Architect shall promptly notify the client in writing of any errors, omissions or discrepancies prior to proceeding with any work which appears to be in error. In the event of any such errors, omissions or discrepancies, the Architect shall be held responsible for the results of any such errors, omissions or discrepancies and the cost of rectifying the same. The Contractor shall have all time or details clarified with the Architect prior to submitting a bid, otherwise the Architect's interpretation shall be final. Failure to promptly notify the Architect of such conditions shall constitute the Architect's release from any responsibility for the consequences of such failure.

Actions taken without the knowledge and consent of the Architect or in contradiction to the Architect's work product or recommendations shall become the responsibility not of the Architect, but of the parties responsible for taking such action.

Written dimensions shall have precedence over scale dimensions.

Dixon & Associates Architects, L.C. hereby reserves its common law copyright and other proprietary rights in these plans, books, and designs, drawings, designs, and plans are not to be reproduced, changed or copied in any form or manner, electronic or mechanical, including photocopying, recording, or by any information storage and retrieval system, without the prior written permission from Dixon & Associates Architects, L.C.
